

Multiple Game - 1

This is a game for two to five players. You need one set of number cards and a copy of this sheet for each player.

- The cards must be shuffled and each player is dealt two cards.
- Each player must arrange the two cards to make a number so that one of the rows in the table can be filled in correctly.
- Here is an example with the cards 1 and 8.

 **1 8** is a multiple of 3

- Any numbers which cannot be used are entered in the reject column.
- After each turn the cards are shuffled and dealt again.
- The winner is the first person to complete the table.
