

Sandwiches

You will need one set of 0 - 9 number cards.

- Take the cards 1, 2, 3, 4, 5 and 6 from the set.
- Place all six cards in the boxes to make three numbers. One way to do it is shown here.
- The numbers must be in order, with a large one at the top and a small one at the bottom.
- Find all the ways of putting the six cards in the boxes. Record each one.
- Choose six cards of your own and repeat the problem.

Large	6	4
